Are you alright, Hoonsan?

So cold... This water is so cold!

Want to take a short break?

...!

It's lucky that we found this spot. It's perfect.

Huff...

Huff...

What to do...? I can't start a fire since it is a swamp... Much more so I can't dig our shelter.

Tsk, best way is to find a way out of here as soon as possible.

I will go out there and find a way out. Stay here and do not fall asleep.

Ok..

What's that black spot?

I can't tell clearly due to the darkness but there seem to be a lot of those here.

...I shouldn't step on it just in case.

I've been sensing a presence for a while now. Something is here...

Hoaman...? No...

Who?

Brol

Um... Thank you for...

Wooh...
